TENDERS.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Indian Supplies," will be received at this office up to noon of SATURDAY, 26th May, 1891, for the delivery of Indian Supplies during the fiscal year ending 30th June, 1892, consisting of Flour, Beef, Bacon, Groceries, Ammunition, Twine, Agricultural Implements, Tools, &c., duty paid, at various points in Manitoba and the North West Territories.

Forms of tender containing full particulars relative to the Supplies required, dates of delivery, &c., may be had by applying to the undersigned, or to the Indian Commissioner at Regina, or to the Indian Office, Winnipeg.

Parties may tender for each description of goods (or for any portion of each description of goods) separately or for all the goods called for in the Schedules, and the Department reserves to itself the right to reject the whole or any part of a tender.

Each tender must be accompanied by an accepted Cheque in favor of the Superintendent General of Indian Affairs, on a Canadian Bank, for at least five per cent of the amount of the tender, which will be forfeited if the party tendering declines to enter into a contract based on such tender when called upon to do so, or if he fails to complete the work contracted for. If the tender is not accepted, the cheque will be returned, and if a contract be entered into for a part only of the supplies tendered for an accepted cheque for five per cent of the amount of the contract may be substituted for that which accompanied the tender; the contract security cheque will be retained by the Department until the end of the fiscal year.

Each tender must, in addition to the signature of the tenderer, be signed by two sureties acceptable to the Department for the proper performance of the contract based on his tender.

This advertisement is not to be inserted by any newspaper without the authority of the Queen's Printer, and no claim for payment by any newspaper not having had such authority will be admitted.

L. VANKOUGHNET,
Deputy of the Superintendent General of Indian Affairs.

Department of Indian Affairs,
Ottawa, March, 1891.

T. E. Baker, contractor, has a large gang of men at work on Agnew's hardware store, tearing down and building up. The building which was a three story one, has been decapitated, and in future will consist of but one story, which will be enlarged to double the size of the old one.

An adjourned meeting of the council of the Board of Trade was held to-day to receive the draft of a petition to be sent to the Dominion Government in relation to connection with the Winnipeg and Hudson Bay Railway. In the absence of the President, Mr. Betts occupied the chair. The petition was read, and after a slight alteration was made, was ordered to be engrossed, and forwarded to our member to be presented to Parliament. A number of copies of the petition will be printed for circulation.

Mr. C. E. Sontum, the Christiana, Sweden, correspondent of the *Canadian Grocer*, writes: "I would be much obliged to you if you would put us in connection with one of the largest millers in Canada. The mills in Minneapolis, U.S. are represented here and their agents are selling large quantities of wheat flour. If a Canadian miller would send us samples we could soon inform them if they could compete." Mr. Sontum & Co. now represent the Canada Meat Packing Co., Johnston's Fluid Beef and Walker & Co.'s whiskeys all Canadian firms.

The sum of 12 cents in stamps sent to the Sabiston Litho. & Pub. Co., Montreal, the publishers of the *Dominion Illustrated*, will secure a sample copy of that journal, which has lately been so much improved, and which its enterprising publishers are endeavoring to introduce into every house in Canada. It is the only high-class illustrated weekly published in the Dominion, and no pains are spared to make it more and more worthy of the praise of the home circle.

With every sample copy is sent out a circular with rules and particulars of the prize competition now going on, and which any new subscriber may enter. The prizes aggregate over \$3,000 in value.

TOWN COUNCIL

An adjourned meeting of the Council was held on Monday evening last.

ACTING MAYOR.

Coun. S. J. Donaldson was appointed Acting Mayor during the absence of Mayor Johnson.

REPORTS.

The Fire, Water and Light Committee reported recommending that Angus Thompson be paid \$45.50. Adopted.

COMMITTEE OF THE WHOLE.

The Council went into Committee of the Whole to consider the communication of the Clerk and Treasurer re increase of salary. Coun. Montgomery in the chair.

The committee rose and the chairman reported recommending that the Clerk's salary be increased \$30 and the Treasurer's \$2. Report adopted.

ACCOUNTS PASSED.

The *Saskatchewan Printing and Publishing Co.* for \$9, and *THE PRINCE ALBERT TIMES* for \$17.

Baker—Montgomery—That a memorial be drafted and forwarded to our member, D. H. Macdougall, re the erection of immigration sheds, and that a committee be appointed to draft the same. Carried.

Montgomery—McLellan—That Couns. Baker, Congdon and the mover, be a committee to draw up memorial to the Government re immigration sheds. Carried.

Congdon—Baker—That in view of the fact that the Dominion Government is about to erect here a Land Office and Registry Office, is a matter which interests citizens and others who may have business therewith, this Council desires most respectfully to recommend to the Government that the most convenient and suitable location for said offices is some point on River Lot 76 between railway station and the river and adjacent to the Government Road, and that a memorial embodying this expression of opinion be forwarded to the Hon. the Minister of the Interior for his consideration. Carried.

Baker—Montgomery—That Acting Mayor Donaldson, Coun. Montgomery and the mover be a committee to draft said memorial re Registry and Land Offices. Carried.

CONSIDERATION OF BY-LAWS.

The By-law to raise \$7000 by debentures for permanent improvements was read a third time.

A By-law was passed instructing the Mayor and Treasurer to borrow \$300.

The following By-laws also received a third reading:

A By-law appointing P. Robertson Health Inspector, and a By-law to amend By-law No. 111, re Solicitor's salary.

The Council adjourned to meet on Monday, 27th inst.

METEOROLOGICAL.

The following are the thermometer readings, as taken at Emmanuel College for the past three weeks:—

THE MECHANICAL FORCE OF LIGHTNING.

Lightning has been proved, in one instance, to have struck a church with a force equal to more than 12,000 horse power. A single horse-power in mechanical calculations, is equivalent to raising 33,000 lbs one foot in a minute. The force of lightning, therefore has been proved to be equal to the raising of 384,000,000 lbs one foot in a minute. This is equal to the limited power of twelve of our largest steamers, having collectively twenty-four engines of 500 horse power each.

WEDNESDAY, APRIL 22, 1891.

RESPONSIBLE GOVERNMENT.

"The principles of Responsible Government has become so thoroughly established throughout the British Empire that it seems an extraordinary thing for any person professing to possess ordinary intelligence to attempt the defence of anything else."—*Saskatchewan*, April 24th, 1890.

The above is only one, the editorial columns of the *Saskatchewan* during the past few months, will scores of a similar nature, which can be republished, if necessary, to fully demonstrate the opinions once held by the manager of that paper on the important question of government for the Territories. It has taken time for the voice of public opinion to penetrate the brain of the chief editorial writer, and only now he begins to realize the mistakes he has been making, and starts at once the hedging process, and last week is found quietly swallowing his previous opinions, and coming to the front as a flat footed opponent of Responsible Government. Consistency thou art a jewel. We congratulate ourselves on being the immediate cause of the change of sentiment. For months we have been trying to convince our friend that his articles did not voice public opinion on this question. Brains cannot be hammered into a stone, and we feel entitled to some credit for performing a feat almost as difficult. At last we have impressed upon the constitutional editor that it is not wise in the interests of this district that full responsible government should be established, that the interests of the Territories in general, and Saskatchewan in particular, do not demand it, and that our local representatives were justified, by our situation, in opposing the Assembly memorials on the Dominion authorities to grant a full measure of responsible government to the Territories. Now that the editor, who has written such strong articles in favor of responsible government, has come to a like opinion, he should not hesitate in giving our local representatives credit for the stand they took when this question was before the House.

The By-law to raise money for the purpose of enlarging our present school accommodation has passed with a respectable majority. The duty rests with the trustees of seeing that proper use is made of the power they now possess. Many believe that past results did not warrant any further expenditure; while others opposed the By-law, fearing that it was simply a move towards closing the west end school. While the retaining or closing of the west end school should have had no connection with the question on which the vote was being taken. We must admit that the utterances of some justified the fears entertained on the more important question, the results of work already performed, we have

spoken of, a shaking up of certain departments is necessary, and we have no doubt a close inspection of the several departments will soon be made. Prince Albert is wise in keeping pace with the times. We must have no inferior school buildings, a large sum has already been expended, the ratepayers have entrusted the board with authority to increase the amount. Whatever is done let the school children be assured good light, good ventilation and the best possible teaching staff. With these ideas carefully followed out, those interested will have no cause to regret the additional money they have invested for school purposes.

THE TOWN COUNCIL.

Some considerable excitement has been caused by the Town Council having at their last meeting passed a resolution to impress upon the Government the importance of certain public buildings being located on a particular property. While not objecting to the property mentioned, we feel the Council have made a mistake in raising a question of this nature. No intimation has been given that the public, whom the Council represent, have any preference as to location. They have simply urged on the Government the importance of buildings being erected. The Council should have used their positions to add strength to the people's demands, not by raising difficulties in the selection of the ground which the buildings shall occupy when completed. The Council have no doubt acted for what they considered the best interests of the town, but by so doing they have opened up a question that may be difficult of settlement.

The visit of the Railway magnates on Sunday last has given rise to a multitude of opinions. Railways are imagined in every possible direction, and an easy outlet for the products of our soil by way of Hudson Bay is almost an accomplished fact. These important railway undertakings will be looked forward to with satisfaction, but just now we are more directly interested in proper attention being paid to the one already existing. Through Mr. Milestone the attention of Supt. Whyte should at once be called to the disgraceful state of their Prince Albert premises. The inconvenience caused those doing business at the station, and the injury done certain streets by the neglect of the company in not having the land properly leveled up, should be forced on the attention of the officials. These are minor matters for the company's consideration, but they are important to the business men and all ratepayers of the town.

The result of the experiment with eggs made at the Dominion Experimental Farm has given the editors of papers like the *Chatham Banner* a new grievance against the Canadian hen. Because eggs keep fresh and wholesome for a much longer time than it requires to send them to England our interesting friends get angry. We would suggest that some of these scoffers take the transatlantic trip themselves, and carry along some eggs. The eggs can stand it, although the doubting Thomases may themselves become yellow and unwholesome before they have got well into the open water of the gulf. But we venture to say that they will find themselves so vastly improved at the other side that they will thoroughly enjoy the eggs they have carried for their first breakfast in Liverpool.

Should the King of Italy send the American minister home and recall the whole Italian legation in Washington, what will the Eagle do then, poor thing? Why nothing more or less than he has been doing for a long time; screaming from the dome of the Capitol and on the whole having a good time apparently.

The *Grocer's Journal*, of London, Eng., in an article last week on the position of cheese, refers to the rapid strides Canadian cheese is making in the estimation of the English buyers and congratulates the Canadians on the appreciation shown their products in the English markets and the fact that they "have established their produce so firmly on our markets."

The *Philadelphia Times* tells the Italians residing in Canada that if they were not so fortunate in their place of residence they might have come into "unpleasant contact with a bath tub, a bar of soap and a free-for-all hair cutting artist." This disposition of a free people to take the "law" out of the hands of the men appointed to administer it is what we cannot understand. There is no use in having servants of the law while the community at large do their work after their own savage fashion.

No doubt readers have noted the remarkable closeness of our neighbors' April elections, which have just been held. Both sides are claiming victories which will take some time yet to decide. There is a significance in this for every politician in the United States who looks for a sign as to what the complexion of the next Congress will be. From this time forward we may accordingly expect much eagle screaming, tail-twisting, talk of snubbings given to foreign powers and like methods of getting up political heat, which indisputably belong to the press and politicians of the United States.

J. LESTOCK REID,
Dominion Land Surveyor,AND
DISTRICT SURVEYOR
(BY APPOINTMENT).DOMINION OF CANADA
GOVERNMENT NOTICE.

By the Honourable EDGAR DEWDNEY, Superintendent General of Indian Affairs.

To all to whom these presents may come, or whom the same may in anywise concern—GREETING:

WHEREAS it is in and by the Act of the Parliament of Canada, being the third chapter of the Revised Statutes of Canada, intituled, "An Act respecting Indians," amongst other things in effect enacted that the Superintendent General of Indian Affairs may, when he considers it in the public interest to do so, prohibit by public notice to that effect, the sale, gift or disposal to any Indian in the Province of Manitoba or in any Part thereof, or in the North-West Territories or in any part thereof, of any fixed ammunition or ball cartridge and every person who after such notice, without the permission in writing of the Superintendent General, sells or gives, or in any other manner conveys to any Indian in the section of country thus prohibited any fixed ammunition or ball cartridge, shall incur a penalty of not more than two hundred dollars, or shall be liable to imprisonment for a term of not more than six months, or to both fine and imprisonment within the limits aforesaid, at the discretion of the Court before which the conviction is had.

NOW KNOW YE, that I, the said, the Honourable Edgar Dewdney, Superintendent General of Indian Affairs, considering it to be in the public interest so to do, on the subject dated the Nineteenth day of August 1888, do hereby give public notice that the sale, gift or other disposal to any Indian in the North-West Territories of Canada, or in any part thereof, of any fixed ammunition or ball cartridge is hereby further prohibited, and that the same prohibition is hereby extended to the Indians of Manitoba, and that every person who, without the permission in writing of the Superintendent General of Indian Affairs for the time being, sells or gives away, or in any other manner conveys to any Indian in the North-West Territories of Canada or in any part thereof, or in the Province of Manitoba, or any part thereof, any fixed ammunition or ball cartridge will incur the penalties provided by the said Act.

IN WITNESS WHEREOF, I have hereunto subscribed these presents at my office in the City of Ottawa, this Twenty-seventh day of January, 1891.

EDGAR DEWDNEY,
Superintendent General of Indian Affairs.

BETTS & GWYNNE

Coughs,
Colds, Croup.

Allen's Lung Balsam was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the Lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Croup, Whooping Cough, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs, ALLEN'S LUNG BALSAM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and \$1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have not tried the Balsam, call for a 25-cent bottle to test it.

Allen's
Lung Balsam

Orders promptly delivered to all parts of the town.

GENERAL NEWS

Halifax, April 15.—The steamship Siberian arrived from Liverpool this morning.

Liverpool, April 15.—The steamship Carthagenian arrived from Halifax Wednesday morning.

Montreal, April 16.—The Empress of Japan, the second of the C. P. R. steamers, arrived at Gibraltar to day.

New York, April 16.—The Sun says that Henry M. Stanley took \$110,000 as his compensation for the hundred lectures delivered by him under the direction of Major Pond, between Nov. 11 and April 4. Major Pond said yesterday, reports to the contrary notwithstanding, the Stanley lectures were so successful that he had offered Mr. Stanley a large advance on the \$1,000 a lecture for another series. The receipts for the lectures, Major Pond said, averaged \$2,780, so that an aggregate of \$305,800 was taken in.

New York, April 16.—The steamship Majestic arrived in port last night with 964 steerage passengers from Liverpool, most of whom were German immigrants. The Gravo arrived from Naples last night with 922 immigrants, mostly Italians.

Rome April 16.—Premier Rudini stated to-day to a representative of the United Press that the cabled summaries of Mr. Blaine's statement were inadequate for him to form an opinion upon, that he was waiting for the text, and was sincerely desirous of a friendly solution of the existing difficulties.

Ottawa, April 15.—George Foster, accountant of the penitentiary branch of the Department of Justice has been appointed to the wardenship of the Stony Mountain penitentiary, vice S. L. Bedson superannuated. Mr. Foster left to-day for Manitoba to take charge of the institution.

Toronto, April 16.—The annual meeting of the Canadian Manufacturers' Association was held here this afternoon. The national policy was endorsed and discrimination against England and reciprocity with the States in natural products were condemned.

Toronto, April 16.—Arbitrators have fixed the value of the street railway property at \$1,453,788. The company claimed that it was worth over \$5,000,000.

Montreal, April 16.—Word comes from Berthier that the river has risen and flooded the lower part of the town to a depth of three feet, and about fifty houses are submerged.

Niagara Falls, April 16.—Lady Stanley, Hon. Isabel Stanley and party arrived to-day and will remain until to-morrow noon enjoying the sights.

Washington, April 16.—The colored people of Washington to-day celebrated the 29th anniversary of the emancipation of the slaves in the district of Columbia. The various colored organizations paraded the streets of the city. Ex Senator Bruce, Hon. J. M. Langston and others delivered addresses, and the pupils of the colored public schools read essays, for which gold medals were awarded.

New York, April 16.—Secretary of the Treasury Foster was interviewed here to-day on the subject of the discontinuance of the consular seals on Canadian Railroads. The secretary said: "The principle has been definitely agreed upon to restrict the present policy of the department which permits the Canadian railways to carry goods sealed in bond across the continent into our territory for shipment from their port to other countries. The goods which come to our frontier from Canada will therefore be treated precisely as if they had arrived at the port of New York. In adopting this policy there is no purpose to attack any particular railway or system of railways, but directly to protect our own revenue system against possible frauds and irregularities. It will probably take about two weeks to arrange the details and put the new policy into effect."

Montreal, April 16.—The report of the Grand Trunk railway, which was adopted at the annual meeting of the company held in London on Tuesday, shows that for the half year ended Dec. 31st last there was, compared with the same period in 1889, an increase of \$16,513 in receipts from passenger traffic and a decrease of \$95,303 in the amount of freight carried.

Montreal, April 16.—More than one thousand Erench Canadians have returned from the New England states to Montreal and surrounding country within the last fortnight, and the movement still continues. They say times are poor on the other side of the line and that

factory hands have the greatest difficulty to make both ends meet.

Owen Sound, April 16.—Ice has left the harbor and there is now nothing to prevent the opening of navigation. However, reports from Lake Superior are not favorable to early opening, and it is doubtful if any of the Canadian Pacific fleet will sail before the first of May.

London, April 16.—The Bank of England has increased the rate of discount from three to three and a half per cent.

Calcutta, April 16.—Serious religious disturbances have been caused in Benares by the proposal to demolish a temple which is held holy by the Hindus and Buddhists. Its site is desired for a water works.

There is great activity in the cattle trade in Montreal, and it looks as if the coming season will be a very busy one. A syndicate has already purchased 2,000 head of Canadian cattle.

London, April 16.—The marked cordiality with which the German squadron visiting Plymouth is being treated is the subject of some comment in view of the recent declaration of Emperor William that the German navy was expected to take an active part in the next war. Continental observers inquire if it can be possible that German and British war vessels will ever be found fighting on the same side. Officers and men have been equally fraternal. To-day the Duke of Edinburgh, with a brilliant staff, boarded the Kaiser and invited Admiral Goetz to a banquet of the Orders of St. Michael and St. George. The duke declared he was delighted to obey the Queen's special command to represent her in this matter. A decidedly jolly time followed, the Emperor and Queen being toasted, and speeches full of cordiality being made. The sentiments expressed hinged on the idea that the Germans and English were of kindred blood originally; that the Kaiser and the Queen were of the same family; that an alliance between two such nations was almost a foregone conclusion, etc., all of which is regarded in many quarters as having been inspired and having an accordingly important significance.

THE INTELLIGENT COMPOSITOR.
His Occasional Blunders and Faults Overlooked by His Good Deeds.
There are some things that the average printer cannot or will not do, and some that he both can and does. The former are not nearly so numerous as the latter, so they may be catalogued before a schedule is attempted of his virtues.

The average compositor cannot be persuaded that there is such a word as "ingenious." He is certain to make it into "ingenious" at least nine times out of ten; and then, to restore the average between the u and the i is very likely to make "insidious" into "insiduous," possibly misled by "deciduous," which he uniformly gets right.

His pons asinorum, however, is "consensus," which he will set up "conensus" in spite of the united efforts of writer, proof-reader and a whole staff of editors. The word "census" seems to carry him off his feet, and he lives and dies in the belief that the longer word is "census," with the "con" prefixed.

Every printing office has what are called "style rules," which are intended to be followed as closely as possible. A common, though not universal rule is that figures are to be used instead of printing the numbers out at length, but this rule could hardly excuse the compositor for setting up the familiar line of the old hymn so that it read 10,000, 000 (ten thousand thousand) "are their tongues, but all their joys are 1," or for spoiling the editor's quotation from the song, "Meet Me in the Lane at Half Past Nine," by setting it up, "Meet Me in the Lane at 9.30."

But now let us see what the compositor can do and does do every day of his life. He takes a manuscript, the chirography of which would make the lid of a Chinese tea chest blush with envy, translates it into the vernacular as he goes along, corrects the spelling and the grammar, and ofentimes the rhetoric, and turns it out, not as the author wrote it, but as intended to write it.

He sets up better English than most men can write; he can detect errors of fact as well as of style; he can give the horse editor points on sporting matters and the religious editor on theology; he can appreciate even the merits of a discussion on the tariff and detect the fallacies in a profound leader on economics; and he can do more hard and intelligent work in a given time, if he has to, than any other handicraftsman.—San Francisco Chronicle.

LOCAL HAPPENINGS

In Our Midst.

Fresh Supply of Oranges and Lemons at R. T. Goodfellow's.

John Macaulay, H. B. Co., Onion Lake, is here on a visit to his parents.

Mr. A. Strachan and bride returned home on Tuesday evening's train.

F. C. Baker has just received a car load of flour.

The Queen's Hotel is being repainted throughout. The building will look well in its new dress.

Green Apples by the barrel, also a fresh lot of groceries at R. T. Goodfellow's.

Van Horne's special Sunday last was pulled by Engineer Tom Wright. The Conductor was H. Hubbel.

You can buy a Suit of Clothes for \$4.75 at F. C. Baker's.

The ice on the river has completely disappeared, and the ferry boat is in requisition once more.

Fresh Groceries, Confectionery and Fancy Biscuits at Baker's.

Capt. Smith is hard at work building a ferry boat for the H. B. Co. crossing at the east end.

Sproat & McLeod have just received a choice selection of untanned Kid and Military Gloves.

Harry McIntosh, representing Bryan & Co., Winnipeg, Cigars, and Carling & Co., London, Ales, is registered at the Queen's.

Owing to the prevailing high winds prairie fires are doing a considerable amount of damage in this vicinity.

See the Blouses, Gossomers, Flannel-ettes, Prints, Gingham, Sateens, etc., at F. C. Baker's.

A. E. Spera, representing Cornell, Spera & Co., of Winnipeg, is in town.

L. R. St. Louis, of the Massey Co., Duck Lake, arrived back from Winnipeg by Saturday's train.

The addition to the Golden Lion store is about completed, and will be opened out next week. It will be one of the finest stores in town.

The repairs on Mr. Justice McGuire's residence are about completed, and the family will likely move in next week.

Sergt. Parker and family left yesterday on a visit to Fort a la Corne. They will be the guests of Mr. J. Dyke Parker while there.

Q. Where do you buy your Tea, it is always so good?

A. I always buy from F. C. Baker.

Our amateur gardeners are all busy at work raking, burning and otherwise cleaning up their tater patches. Many of them have already done considerable seeding.

Posters will be issued this week announcing an auction sale by H. J. Montgomery of household effects and balance of the store stock and fixings of Mr. C. Mair.

Mr. W. B. Way, brother of our townsman Postmaster Way, is on a visit here. It is Mr. Way's first visit here, and he expresses himself as much pleased with the town and adjoining country.

Coun. McPhail returned home last evening from his trip to the coast. We believe our worthy councillor is still of the opinion that there is worse places than Prince Albert.

W. R. Fish, census commissioner returned from Battleford Tuesday evening. Mr. Fish has been on an extended trip throughout the Territory getting the different enumerators in readiness for commencing their work.

The annual meeting of No. 2 Company of the Prince Albert Fire Brigade will be held in the Town Hall on Friday next, 24th inst. A full attendance is requested. Election of officers and other business.

A. H. Axford, general manager for the Massey Manufacturing Company, came in on Saturday's train. Mr. Axford is on a tour of inspection, and will visit Battleford after leaving here.

There has been a great scarcity of butter in the town for the past two months. This state of things should not be. Surely our farmers could supply a community of our size with all the butter and eggs needed.

The annual meeting of the Lawn Tennis Club was held yesterday, when the following gentlemen were chosen office bearers for the present season:—President, Dr. Bain; Sec. Treasurer, J. M. R. Neely; Committee—Messrs. Young, Barwell and Mayor Johnson.

We are pleased to learn that word has been received here that Prince Albert has been one of the places selected in the Territories where a branch of the Postoffice Savings Bank will be established. Our postmaster expects to receive full instructions in a short time.

H. J. Montgomery, auctioneer, held a most successful sale of farm stock, implements, etc., on the Knowles' farm last week. Good prices were realized. Mr. Montgomery also held a sale of household effects last week, at which prices were very fair.

At the Queen's—Pat Murphy, C. Palfrey, J. B. Netherly, J. W. Robertson, A. E. Elderkin, Moosejaw; W. A. Richards, R. L. Meadows, C. Unwin, A. E. Spera, H. McIntosh, Winnipeg; H. A. Axford, Qu'Appelle; J. French, Montreal; L. R. St. Louis, Duck Lake; R. A. Welsh, Regina.

Residents on the South Branch are agitating for a grist mill, and have approached Mr. Fawcett on the matter. We understand that Mr. Fawcett is quite willing to entertain the scheme provided the necessary inducements are forthcoming.

We are sorry to learn that during the breaking up of the ice some 700 or 800 of the Sanderson Co's saw logs escaped by crowding under the boom on Shell river, and no doubt by this time many of them are floating on the placid waters of Cedar Lake. This is a serious loss to the company.

The many friends of Mr. Stevenson who occupied the Presbyterian pulpit of this place last summer, will regret to hear of his death. After returning to college he was taken down with typhoid fever, and after partly recovering returned to his home at Holstein, and shortly afterwards was afflicted with paralysis of the brain. After lingering between life and death for several months he finally passed away about two weeks ago.

We regret to learn that on returning from church last Sunday evening, Mr. George Love, of Colleton, discovered his stables to be on fire. Unfortunately Mr. Love arrived too late to attempt saving any of the contents amongst which were a hired team of horses and one horse belonging to Mr. Love himself. This is a hard blow on George, who has the sympathy of his many friends.

Last Sunday afternoon the town was visited by a number of the railway magistrates, who are on a tour of inspection over the line. After leaving here they intended visiting the Edmonton branch and thence on to the coast. Amongst them we noticed Mr. Van Horne, Supt. White, D. McIntyre, R. B. Angus, Senator McInnes and a few others.

On Monday evening last another of those enjoyable smoking concerts was held at the Police Barracks. The non-arrival of the pianist rather dampened proceedings at the commencement, but the boys were there for fun, and were determined to have it in any event. However, a lengthy round of recitations instrumental solos and duets, English, Irish, Gaelic, French and comic songs were got through with—not forgetting a couple of rounds of excellent coffee to wash the smoke down with. We understand the Police boys intend getting up an entertainment on a much larger scale for the evening of the Queen's birthday.

One of our reporters dropping into the H. B. Co's east end store a few days ago, was agreeably surprised at the change and improvements made to the premises since his last visit there. He found the manager of the post, Mr. G. S. Davison, in his office, who obligingly showed him around the building. The partition between the dry goods and grocery departments has been removed, leaving a shop space of sixty feet in length by twenty-five in depth, with the offices, etc., divided off in rear of the store, the whole business now being transacted under the one roof. There is a comfortable packing room 14x22; general office, 14x22; and a manager's office 14x14. The old entrances will be closed, and one opened in the centre, with glass vestibule. The whole arrangements are very complete. Mr. Galbraith, the gentlemanly store manager, has just returned from Winnipeg, where he had been selecting a fresh stock of spring and summer goods. These goods will be opened out and ready for inspection next week. The Company's west end store has also been enlarged to double its former size, and now has a store space of 60x20, which will be ready for the opening up of new goods by next week. Evidently the Company are determined not to take a second place in the commercial interests of the town.

PUBLIC NOTICE.

Public notice is hereby given that His Honor the Lieutenant-Governor has this day been pleased to order that a sitting of the Supreme Court for the Judicial District of Saskatchewan shall be held in the said District, at ten o'clock in the forenoon on the days and at the places following, namely: Prince Albert, Tuesday, 28th April 1891. Battleford, Tuesday, 12th May, 1891.

By command. R. S. GORDON, Secretary. Lieutenant-Governor's Office. Regina, N.W.T., 19th March, 1891.
